Because we asked newcomer Lia to masturbate for us, we asked her how she normally does it at home. She told us, "I like to put on music, something with a good rhythm, and I usually use one of my toys to play with my clit. Sometimes, if I'm really horny, I'll just use my fingers. I usually do it in my bed or in the bathroom. I get undressed, touch my breasts and start imagining that I'm fulfilling one of my fantasies. I like to do it slowly and enjoy it. I like to orgasm two or three times before I call it quits."

Lia also told us that she lost her virginity to her high school boyfriend. "I was 18. We had been dating for four months and had already had some intimate moments and kissed, but the first time we tried, it hurt, so we didn't go any further. One day, I went to his house to do homework after school. We started kissing, got very aroused, and we both did it for the first time. It didn't last long, but we tried again later, and it was much more pleasurable."

Besides masturbating, Lia likes to exercise, read, cook, draw and paint. "I also like to make homemade personal care items," she explained. "I started making soaps and beauty products as a hobby. Now, I work in the field. I also like going on dates. My favorites are outdoor dates with beautiful landscapes and sunsets. If it takes a little hike, I don't mind. But if my feet end up hurting, you need to rub them. I love having my feet kissed and played with, and I like it oily. If that turns into a full rubdown, it's even better. I love having my tits played with, my ass stimulated and my shoulders caressed."

Some girls are special.

"I really enjoy anal sex. As hard as it was to lose my virginity, anal has always been easy for me. I don't know why. The first time a guy asked if I wanted it, I figured it would be a good time. I didn't expect to cum from it, though!"

This special *Naughty Neighbors* release features an all-young-performer lineup. This is also our first all-facial entry in our best-selling series. These girls-next-door cuties left their parents' homes to see what the world had to offer. The world answered, "Big cocks and hot, sticky cum for your adorable mugs." Annalena Reno, 21, is a coed originally from Chicago but now living and studying in Texas. In an interview, she told us that she only lost her virginity a year ago. Now, she's making up for lost time by fucking our porno stud and sucking out every drop of cum she can.

Zoey is a 24-year-old sexpot who's originally from Philadelphia and now lives in LA. She's a natural redhead. She originally shot solo content for us, but she's exceptionally horny and wanted to try a big dick on-camera. We let her. Before the action began, we asked her how she felt about fucking a guy 21 years older than her. "I love it. Older guys are so sexy and usually know what they're doing." Zoey knows what she's doing, too. She even keeps her eyes open as our stud sprays her face with jizz.

Julia used to do gymnastics and cheerleading in school. We asked her if she had a good time back then. "Nope," she replied. "Not at all. My school was ghetto and ratchet." We asked her if that meant she didn't care if anybody back home saw these pictures. "The only people I care about not finding out are my folks. Other than them, I don't give a flying fuck. I'd bet all of my old classmates would love to see these."

"Even though I don't mind swallowing cum, sometimes I just can't bring myself to do it. Like, it's a reflex that just won't allow me to slide it down my throat. Luckily, I learned that guys really like it when you spit out their cum and rub it on your own tits. Or, rub it all over your lips. That's always fun because I'll pop up after a blowjob and go to give the guy a big kiss. Most of them freak out. Some like it."

"The first time I had anal, the guy just paused while he was in my pussy and asked, 'You want me to fuck your asshole?' I was, like, 'Um...yes.' It was awesome. He went in dry and creampied my butt. I loved every second of it."

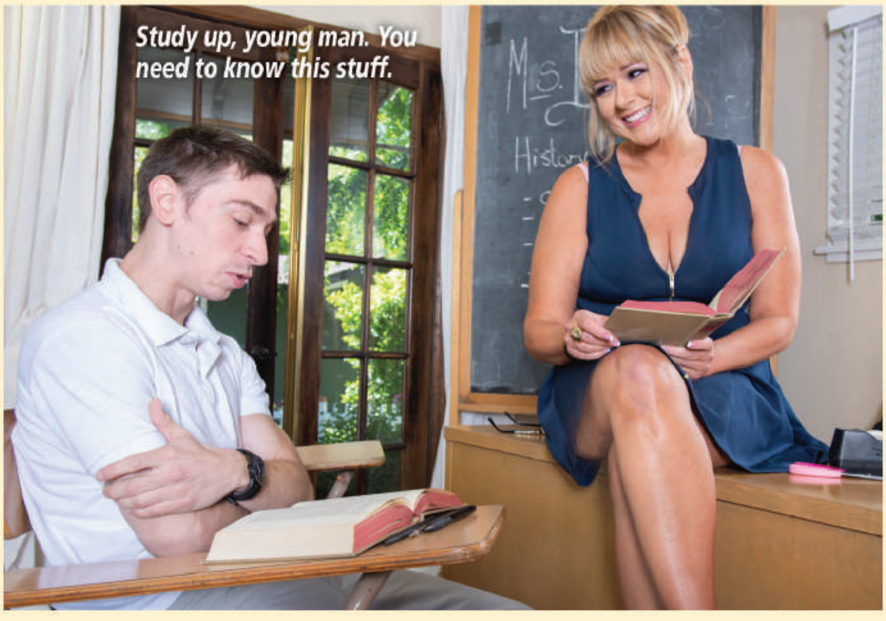
OUR MONTHLY SHINDIG OFFERING SEX TIPS, TRICKS AND A HOST OF SEXY CHICKS

ESSENTIAL MALE KNOWLEDGE

1) If you're about to finish, make sure your knees aren't locked. Relax whatever other muscles you can, too. It's a tantric trick that makes orgasms feel way better.
2) If another dude ever tries to borrow your razor (or hair/beard trimmer), just hit 'em with "My ball razor!?" Watch how fast they back away. It works every single time.
3) Hot water makes the proteins in cum congeal, leaving stains and making your mess harder to clean. Use cold or lukewarm water.
4) If your body feels cold but your balls are hanging normally, you probably have a fever.
5) Living your best hookup life? Switch to polyurethane condoms. They work just as well as latex, but won't trigger anyone's allergies. Latex allergies are the last reason you should get blue balls.
6) If you want to put a finger in her butthole, make sure you trim your fingernails at least two days before. If they're too long, you could hurt her. If you trimmed the day of, the nail edges are too rough.
7) If you open the car door for your lady, you'll have the walk back to the driver's seat to let out any farts.
8) When she asks you to pull her hair during sex, always pull from the base.
9) Unwanted boners can be dismissed by squeezing your thigh muscles. It redirects blood flow.
10) Gently roll each testicle between your thumb and finger using minimal pressure. Check for hard lumps or abnormalities. Congrats, you just performed a check for testicular cancer. Call your doc if something isn't normal.
11) You can give yourself a professional-grade pube trimming with easy cleanup using a DVD and a plastic bag. Wear the bag like a diaper, spread your legs and go to town with your clippers. The hair will fall down and get collected. If you have a hairy ass that needs trimming, put the DVD on the ground and use it like a mirror. The DVD is preferred because the hole in the middle blocks the sight of your own asshole.



Study up, young man. You need to know this stuff.

SEX Herbs

If your pecker needs a little pep, you don't have to get a prescription for the little blue pill. And if you need to find motivation to get into the mood, you don't have to crack open another beer. Humans have been using plants and herbs to add spark to their love lives for years. Here are six botanical bone remedies.
*Consult your doctor before taking any supplements.

Adding these herbs to your routine can help your love life.

Shatavari root (Asparagus racemosus)
This herb is basically a fertility and libido booster that's been used in traditional Indian medicine for centuries. It's super nutritious and can help out your reproductive system, digestion, breathing, and circulation. For women, it can help with dryness down there. For guys,

Panties: Thongs

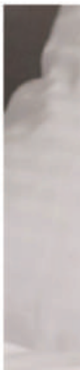
Milana looks great in her stockings. We asked her if she wears them often. "No, not really," she told us. "I like to dress like a tomboy. I'm naturally shy, and I want guys to flirt with me, so I figured if I wear girlier clothes, they will do it more often. It's worked, but I still feel a little awkward when I'm dolled up. I'd rather be in jeans, or, honestly, naked. I feel comfortable in the nude."



Milana obviously likes guys, but does she also like girls? "So, dating someone of the same gender isn't common where I'm from. It's sort of looked down on. So, growing up, I always pushed away my thoughts whenever I liked a girl. Then, when I was a teen, I ended up kissing a girl. She was so soft and gentle. It could have gone further, but she backed out. I still find myself thinking about her, and I wish we had done more than just kiss."

There's much more Milana on

A toy the perfect size.

"I love my sex toys. I have a couple in my nightstand. My favorite one is shaped like a dick. It's not big, but it's not tiny, either. It's about six inches long and vibrates. I use it on my clit and then slide it inside me when I cum."

research shows it might help with performance issues, especially if diabetes is messing with your game. The name shatavari loosely means, "root of 100 spouses."

Maca root (Lepidium meyenii)
Also called Peruvian ginseng, this root veggie from the mountains of Peru has been helping people get their groove back for over 2000 years. It's packed with good stuff that boosts your sex drive, energy, and fertility. Basically, the amino acids, iron and calcium in maca help you last longer in bed and bring back lost stamina.

White's ginger (Mondia Whitei)
This root grows across sub-Saharan Africa, and people have been using it to fix bedroom problems for ages. It tastes like a mix of licorice, ginger, and vanilla. It can boost your testosterone and nitric oxide levels to get it up and keep it up. But heads up: some studies show it might mess with your sperm count and quality, so it's maybe not the best choice if you're trying to have kids.

Nutmeg (Myristica fragrans)
Nutmeg possesses aphrodisiac properties, increasing libido and potency, which may be attributed to it being a nervine stimulant. Before you go raiding the spice rack, though, here's the deal: taking too much nutmeg can mess you up and send you on a bad trip. People who've tried getting high off nutmeg say it's one of the worst experiences ever. Instead, maybe start with a few drops of high-quality nutmeg essential oil.

Saffron (Crocus sativus)
This delicious spice comes from saffron crocus flowers and can be found in Michelin-starred kitchens around the world as it adds potent aromas, vibrant colors and earthy flavor to many dishes. It's also been tested for helping with bedroom problems for both guys and gals. Some research shows that taking 200mg daily for 10 days can help you get hard more often and boost your sperm quality. Plus, it can bring back your sex

Mery is a straight-up cutie pie. She's adorable and just turned 18. We asked her if she really is as cute and innocent as she looks. "Ha," she sarcastically laughed. "Not even close. I usually wear black and listen to punk music. I'm also not innocent at all. I love exploring sex and broadening my horizons. I don't put up boundaries for myself. I've dated men, women and even couples before. I even bagged a guy who was older than my dad."

"The craziest experience I ever had was at a swingers camp right after my birthday. I went with friends because there was a techno show happening at the same time. I had heard rumors that it was also, like, an outdoor orgy, but I didn't think that was true. I was so wrong! People were doing it in tents, in the forest and basically anywhere else that was semi-private. I ended up giving a guy a blowjob and another man just whipped his dick out. I was having a blast, so I started doing him, too. It was magical."

When we ask girls their favorite sexual position, most of them say it's doggie style. It's far and away the most-popular answer. So, whevener a girl says something different, our ears perk up. "My favorite is missionary," Merry told us. "I like looking guys in the eye while they're fucking me. I like to see their strong shoulders. Mostly, though, I love seeing their big cocks pulling out and then pumping back into my pussy. I love whenever they pull out and they're all shiny from my juices."

She's too kind.

"I think the thing that gets me off the most is knowing that whoever I'm fucking is having a great time. I want my partners to have fun and think that I'm the best they've ever had. I'm willing to put in the work to make sure of that."

Say hello to Sunset, a 20-year-old Russian who loves baring all for guys. "I'm totally an exhibitionist," she told us. We believe her. The gorgeous, young brunette also loves wearing tight, revealing clothes. "I wear workout stuff all the time. It's comfy, and I like the way they accentuate my curves. I like that men will stare at my ass when I walk by them, too. I don't have big boobs to flaunt around and get attention, but I do pride myself on having a pretty good butt. Every guy I've been with has told me that it's exceptional."

Sunset told us that she would never get a boob job to fix her small boobs. "I love them just the way they are," she told us. "But I have thought about getting my nipples pierced. I have a girlfriend who had that done. She said that recovering from it sucked, but when they healed, she would cum just from making out with guys and having them play with her tits. That sounds pretty good to me. I just don't know if I could handle the pain. I'm a baby when it comes to that. I'm definitely not the kind of girl who likes pain mixed with her pleasure."

Sunset was thinking of you recently. She knows that guys like a hairless pussy, so she went and got her first wax. "That was a big deal for me. I really don't like pain, but it wasn't that bad. The worst part was growing out the hair so it would be long enough for the wax to hold onto. I don't usually shave every day, but I don't wait the three weeks the waxing salon told me to wait either! I felt like I had a kitten down there. I was so fuzzy. I think I'll stick to shaving and get waxed only for special occasions."

You've gotta do the work.

"My favorite position is doggie style. But I don't mind doing anything else if a guy has something in mind. I'm not the biggest fan of being on top, but I'll still do it. I'm naturally submissive, so I don't like it when I'm running the show."

BJs: Usually swallow
Masturbate: Every day

Dolly is young and vibrant, and she's making her debut here with a bang. "I've been dreaming about doing porn for a long time," she told us. "I have big plans for the things I want to try. For instance, I really want to do a gangbang. The idea of, say, five guys all taking their turns on my pussy and rubbing their cocks in my face....Let's just say that would make me a very happy girl." Dolly is going to have to make do with our stud's solitary cock.

We asked Dolly what gets her off when she masturbates. "I like lesbian porn," she explained. "But, like, everything gets me off. I like taller, muscular guys, but I've had my fair share of guys shorter than me. For girls, I like girls who look like me: tall, thin, in shape and brunette. That being said, I don't mind a blonde. I also like girls with bigger boobs than I have. That's obviously not too hard; I'm really flat-chested. I've chatted with girlfriends who say guys always want to cum on their big boobs. No guy has ever asked me to do that! That's why I asked your stud to do it to me."

"I think I'm going to be good at making porn because I'm a people pleaser and I like being watched. I used to love posting pictures of myself in a tiny bikini on Instagram because I knew that every guy who liked it was probably jerking off to me. When I started sending nudes to boys I liked, I knew that I had that exhibitionist spark in me. To this day, the hottest sex I've ever had was in a public park at night. We saw this old guy walking his dog, and he was staring at us, but we just kept on fucking."

Watch Dolly's XXX play date at NaughtyMag.com

It's just too tight.

"I'm not a person who says no to much. I'm pretty submissive. I've even let a guy give me a golden shower while I was in the tub. It was alright. I swallowed a little bit and it wasn't the worst. The only thing I turn down regularly is anal."

Muira puama (Ptychopetalum olacoides)

Growing deep in the Amazon rainforest in Brazil, this flowering plant is known by locals as "potency wood." It's been used in traditional South American medicine to treat low testosterone, erectile dysfunction and impotence. It's a powerful aphrodisiac that can also help with joint pain. It's not on the radar for Western scientists, so there aren't any peer-reviewed studies proving these claims, but this plant has quite the reputation for helping out guys who need a shot in the arm…err, dick.

It's Time To Switch Up Your POSITIONS

Bringing up these points could lead to better sex.

A recent survey on relationship satisfaction found that nearly 50% of couples reported feeling bored in their relationships, including their sex lives. Most respondents believed that introducing variety in the bedroom could help reignite their connection. A follow-up study explored those couples' willingness to try new sexual experiences and found a fascinating trend. Women tend to be significantly more open to sexual experimentation than men. However, they are less likely to suggest trying new things to their partners. In other words, they're game for it, but they want us men to bring it up. A little variety in the sack could satisfy your lady's sense of adventure and give you the go-ahead for trying something other than the same two or three positions you've gotten used to. Hell, it could lead to all sorts of kinky sex. We'll help you make the first move. First, let's look at why the usual couple falls into a bedroom rut.

This is an adult magazine written for male readers. We have female subscribers, but they are in the minority. We write articles with men like you in mind. We shoot our photos with your satisfaction as our priority. So, we ask our amateur girls and pros alike to assume the position(s) when our photographers snap their shots.

It's to show you pussy. It's to stretch the asshole. It's so that you get to see the stud's cock deep inside the cunt, just like how you would do it to these amazing amateurs. But, not a lot of guys are plowing their wife wheelbarrow style on Wednesday night or trying JMac's suplex fuck while the kids are off at soccer practice. The images of those wild bangs still drive you wild, though, right?

Women, on the other hand, are not as driven by visual stimulation as men. In fact, it's been proven that women value emotional and psychological safety to drive their motors. For them, sex can be just as mental as it is physical. Luckily, trying a new position can do several things to help you get your girl off. It shows that you are thinking about their satisfaction, that you show interest in your sex life together (bonding) and it gives them validation that they are sexual creatures, not just a missionary-quickie pitstop before falling asleep. We all know how self-conscious women can be at times, so it may take some convincing to get your lady to try something new, but she may be way more open to experimentation than you think.

Here's how you can take charge and suggest changing up the same-old routine. Pitch her on what trying new things would mean to her.

Megan

Houston, Texas

Job: Student
Age: 18
Birthday: April 29
Height: 5'2"
Weight: 105 pounds

Bra Size: 32D
Panties: Thongs
Anal: Licking and fingers
BJs: I like swallowing
Masturbate: Twice a week

NaughtyMag.com

Megan is a busty beauty who prides herself on being the girl everyone wants to fuck. "I keep my body tight by going to the gym five days a week. I also do yoga because stretching keeps me limber for sex. I want to hold onto my teenage body well into my 30s if I can. I want other people to hold onto it, too! My last boyfriend was great and nice, but he refused to go to the gym with me. He was still in shape, but I knew that eventually he'd lose his good body. I want a stud."

GOLDE

GOLDE

We asked Megan if anybody at the gym stares at her when she's working out. "Big time. I hate wearing a bra, so my tits are always swinging around when I'm on the treadmill or the elliptical. I've had more than one accidental nip-slip. I know that the guys are all looking, so when that happens I can tell that they're all getting horny. I'd say that once a week I have to rub my slit in the showers because their attention is getting me all hot and bothered."

Megan spreads wide and fingers her pink snatch at NaughtyMag.com

Not much to ask for.

"I'm super into the romantic stuff, like a date to the beach or a picnic with candles and stuff. I also like to go out to movies and dinner. In the bedroom, I love a guy with a big cock or a girl that knows how to lick a pussy."

Notable Nips

For every kind of tit, there's a unique nipple.

There are big knockers, flatties, pancake boobs and ski-slope titties. Hell, there are a million varieties of boobs. Every guy has a preference. Nipples, although we rarely think about them, are the same. We've rounded up some of our favorite shapes on some of our favorite girls, and we're here to celebrate them all. We'll start with Abby. Most girls would pluck a hair if they found one. Not this Bush Baby!

Dime-Sized

A crowd-pleasing favorite, dime-sized nips are most commonly found on our flatties, like Britt and Myra. What some would call small, we prefer "minimalist" and "refined." These delicate little beauties have a subtle, understated appeal that draw you in closer for a better look. On these two – both are just 5'2"– their nipples fit their bodies. You could probably pop one of their entire boobs in your mouth, so having nips like this just makes sense.

Ghosties

Ghost nipples are sexy, not spooky. We love to celebrate the charm of girls with barely-there nipples that are the same skin tone as the rest of the breast. These subtle beauties create a smooth, seamless look that some guys find even hotter than high-contrast nips. The soft, monochromatic appearance gives breasts an almost ethereal quality, like perfectly sculpted marble. They're most-commonly found on beautiful gingers like the three gals above.

Inverted

Inverted nipples are the shy ones of the nipple world. They're the wallflowers at the boob party who'd rather chill inside than make a grand entrance! One in five women has these little introverts. They retract into the breast rather than sticking out, playing an eternal game of peek-a-boo (emphasis on the "peek"). And they've got their own unique appeal. Just ask Siri, one of the most famous big-boob models on the planet, who rocks inverted nips like a boss.

Pierced

Okay, so they're not naturally occuring, but we couldn't make a nipple special without including our pierced friends! These beauties are like the rebels of the boob world. There's something undeniably hot about a girl who decided to put metal through one of the most sensitive parts of her body. It's bold, it's a little badass, and it shows she's not afraid to mix pleasure with a tiny bit of pain. Above all else, pierced nips are eye candy.

Honey

Sam

Tootsie Rolls

Ivy

These nipples don't just show up; they make an entrance. Tootsie rolls are long and strong. They're a visual feast, and they feel amazing in your hands and mouth and against your cock. They're like nature's own pleasure handles, designed for max fun. There's also something primal and natural about tootsies. They're a sign of arousal and excitement. No amount of bra padding could keep these bad girls from poking through a shirt on a cold, winter day. Plus, there's more surface area for sensation, which means every touch, lick and tease makes these kitties purr.

Puffies

Candy

Puffy nipples are little gifts wrapped in extra soft tissue, and who doesn't like presents? These nips are adorable and incredibly sexy. While some nips are flat against the tip of the titty, puffies come with built in cushion, creating these cute little mounds that beg to be touched, tweaked and sucked. They can be small and perky or larger and more dramatic, but they're always plump. And, selfishly, dear reader, they're fun to photograph. They make for an incredible silhouette.

Noi is studying psychology at a university in Prague. She told us that she likes to stay fit by doing yoga. "I go to a yoga class on campus," Noi explained. "At first, it was mostly girls in there, but eventually guys figured out that they could ogle us in spandex, so now it's 50/50 boys and girls. I've gotten picked up there a couple of times. I'm busy at school, so it's become a good spot to find dates."

SWEET BABY

We asked Noi what kinds of dates she likes going on. "I'm pretty boring, honestly. I like spontaneous dates with good conversations and chill vibes. I do have a dream about a tall, cute man taking me on a road trip across Europe, putting me up in fancy hotel rooms and fucking me every night. I realize that's probably not going to happen, though, so I'll be entertained by going to a movie and eating pizza or something a little more down-to-Earth. As long as we vibe and there's a possibility of sex, I'm good to go."

"I think I'm a little bit of a paradox. My favorite thing about sex is hugging someone you love. It really makes me happy and feel safe. Then again, I've gone to BDSM clubs and fucked strangers wearing leather masks. That's fun, too."

feeling that can be seriously pleasurable for her. The criss-cross missionary position is one example. You enter her on your knees while she's on her back in front of you. Pull her legs up to your shoulders, then cross them over one another.

If your lady is convinced that she has to have the energy of the nubile girls you see in this magazine for new, exotic positions, here's the final justification you can give her for branching out: not every amazing position has to be acrobatic. Some of the best ones, like cowgirl grinding, are incredible because they allow for skin contact, time together, and that deep emotional connection that makes sex truly memorable. She'll eat that up. So, if you want to unlock a whole new side of your relationship, trying fresh positions together is one of the best ways to reignite that spark and show her you're genuinely invested in her pleasure. Plus, she's probably way more open to experimenting than you think. She's just waiting for you to take the lead. As Elton John wisely said, "People should be very free with sex. Tess returns after debuting in our last issue. This time, we paired her up with a porn stud. We asked her if our guy was her type. "Yes! love tats on a guy, and even better, he has a big dick and knows how to use it. There's no better combination than that! I swear, in real life, I can either find a small dick with stamina or a big one that busts in a minute. I can never find the Goldilocks dick."

Dad

Last time we saw Tess, she told us that she isn't looking for a new relationship. She explained that she didn't think that guys wanted to date girls who appeared in adult magazines. We asked her if she still thinks that. "Yeah, I mean, totally. But I will say that ever since your mag came out, some guys around school have seen it and tried to hook up with me. I can always tell that they've seen me naked because their faces go all red and they start stammering. It's actually pretty hilarious."

Solo and XXX of Tess are online at NaughtyMag.com

"I hooked up with a guy semi-recently who was pretty good in bed. He wasn't as big as I would have liked, but he knew how to keep his rhythm and pacing. Most guys are switching things up too much. Like, if you're gonna pound me until I cum, you better not slow down. If you're gonna fuck me gently, then don't suddenly start jackhammering my pussy. You've gotta stay with one thing for a while. Anyway, he made me cum a bunch of times. He was also vocal, which I find hot."
